Dear ETNS Supporter,

Thank you for taking an avid interest in Nasra School's ongoing cause for providing quality education to every child. Our not-for-profit organization has been in existence for 70 years, relentlessly pursuing a humanitarian mission at heart: to offer affordable, English-medium, holistic education across some of the most densely-populated, low-income, high-risk areas of Karachi in order to transform the lives of the youth who need it the most. Since our inception, we have produced several hundred thousand proud, well-rounded, highly capable graduates who are proving to be conscientious, outgoing and progressive citizens of the nation.

Currently, we have a total of 11,000 students enrolled at our 5 campuses, attending Pre-Primary, Primary and Secondary School branches. Each of our campuses is fully equipped with science and computer labs, libraries and a sports complex, for we place strong emphasis on participation in school events, field trips and extra-curricular activities such as sports, music, drama and debates, with a central goal to enhance the experience of holistic education for all.

As you may already know, most of our students come from middle to lower socioeconomic backgrounds, carrying within them the many stresses and burdens of growing up in a poverty-stricken third world nation. Some of our pupils belong to severely financially challenged, and at times highly dysfunctional/ broken households. These special cases require extra resources, more time and attention from teaching staff, as well as emotional care for their delicate states. We have established a full scholarship program for such students, and with your help, are able to cover the total tuition cost of educating 1,000 pupils (nearly 10% of our student body) annually. This is a remarkable humanitarian feat- to give deserving, intelligent children a fighting chance at literacy and equality- children, who would otherwise be perpetually bound by the shackles of adversity and misery, unable to rise above their unforgiving circumstances, doomed to lifetime of disenfranchisement.

We urgently need your support in order to continue providing our current students with a strong scholastic program, enhance our existing school facilities, and offer necessary learning materials, in addition to regular medical checkups. There are several ways in which you can contribute, from covering the annual fees of a student, to sponsoring one of our much-anticipated sports events, or donating gifts-in-kind. (Please find the pertinent details attached on the following page.) Each and every contribution is greatly appreciated and helps to directly fund the Trust's scholastic programs and initiatives.

At Nasra School, we have always vehemently believed that education is the most empowering force in the world. We welcome you to visit our schools to experience first-hand how dedicated we are to helping build an empowered and progressive Pakistan, one inspired child at a time. With your help, we come one step closer to fulfilling a child's dream of attaining life-changing education and independence and our vision of evolving into an enlightened nation. For more information, please feel free to contact our Manager, Communications and Resource Mobilization at info@nasraschool.edu.pk or call 021-32361313 to arrange a visit to one of our schools.

Thank you for your time and consideration- it means the world to us.

Sincerely,

The ETNS Team
